3rd International Conference on Business Competencies in a Changing Global Environment

**23 December 2010
Dhaka, Bangladesh**

Call for Papers

Jointly Organized by:

Global Business and Management Forum
(GBMF) – Bangladesh

&

Southeast University, Bangladesh

BACKGROUND

Today's business is globalized. There is not a single business in this world which may remain immune to global changes. As markets continue to liberalize to foster stronger and more sustained economic growth, businesses and governments witness a surge in demand for more and better business information. This information can only be assembled by the assembly of thoughts of the intellectuals. Global Business and Management Forum (GBMF) is a forum which can be instrumental to foster such development by assembling such intellectuals by arranging annual conferences, publishing newsletter and journal and research notes etc. The hallmark of the forum is to create and disseminate business information in the form of research, interactions, sharing opinions, and networking. It becomes crucial for academicians and other professionals with interest in business and management to learn from each other and to network with other institutions.

Global Business and Management Forum (GBMF) Bangladesh and Southeast University jointly announce an International Conference on Business Competencies in a Changing Global Environment to be held at Southeast University, Banani, Dhaka on 23rd December 2010.

The conference aims to provide a platform for the academicians, scholars and practicing managers from Bangladesh and the rest of the world to exchange views and experience on Business Competencies in a Changing Global World.

Proposals/abstracts and/or full research papers are invited on all management and business related topics such as, management, marketing, finance, accounting, economics, information systems, environmental issues, CSR, corporate governance, e-business, global business strategies etc. with relevance to the conference theme.

Papers presented at the conference will be considered for publication in a special issue of the Global Business and Management Journal (GBMJ). Selected papers will be considered for publication after a double blind review process. The GBMJ is an international refereed journal.

ABOUT GBMF

The Global Business and Management Forum (GBMF) – a US based global platform was created on 18 October 2007 to provide a forum for dialogue, collaborative teaching and research, and knowledge sharing among the academics, practitioners, and regulatory bodies involved in business and management, and related fields throughout the world for the benefit of global business.

ABOUT GBMF BANGLADESH

Global Business and Management Forum (GBMF) Bangladesh is the Bangladesh chapter of Global Business and Management Forum (GBMF), USA. The main purposes of the chapter are to encourage young researchers to undertake and consummate research projects in all areas of business and management, to bring together scholars and practitioners in business and management disciplines through conferences and networking, and to publish journal, working papers, research monographs and books that contribute to the advancement of knowledge in all business disciplines.

ABOUT SOUTHEAST UNIVERSITY

Southeast University is one of the largest private universities in Bangladesh with current student enrollment of over twelve thousand students. The university has grown rapidly over the last few years. It is committed to creating a knowledge-based society. In cognizance of the need and value of higher education to build a happy and prosperous Bangladesh, a group of dedicated educationists and enthusiasts envisaged the prospects of establishing a private university that would uphold the torch of knowledge and would pursue quality education in a quiet, trouble-free and congenial academic environment. Ultimately a university named "Southeast University (SEU)" came into being which started its journey in the month of June 2002 as a private university under the 'Private University Act 1992'. The Honorable President of the People's Republic of Bangladesh is the Chancellor of SEU. From the very beginning SEU has been following the policy of not treating education as a commercial product, and is firmly committed to serving the society without having any commercial motive whatsoever. Establishment of SEU was a visionary decision in the face of ever increasing demand for providing quality education at an affordable cost in Bangladesh.
